Letter: Could revenues halt interchange?

Wednesday, October 29, 2008

EDITOR:

In Courier reporter Cindy Barks' recent article about ADOT projects being affected by the drop in tax revenues (Saturday, Oct. 18), I was wondering if the situation might slow or even stop the Highway 69/Highway 89 interchange project.

I certainly hope not, however, at least they recently completed a high priority portion of that project.

We now have a beautiful, wide sidewalk on the south side of Highway 69 for the hordes of pedestrians walking between Yavapai Casino and Frontier Village.

H. Gene Wilkison

Prescott
